15

The Group and/or Art Unit location of your application in the PTO has changed. To aid in correlating any papers for this application, all further correspondence regarding this application should be directed to Group Art Unit 1774.

16

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-24 are, drawn to a stretchable conveyer belt, classified in class 428, subclass 291.
- II. Claims 25-26 are, drawn to method of making a stretchable conveyor belt, classified in class 156, subclass 157.

17

The inventions are distinct, each from the other because:

Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the product as claimed can be made by a materially different process such as one that laminates the respective layers together

Art Unit: 1774

18

The inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

19

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

20

A telephone call was made to applicant's attorney, Mr. R. Parkhurst on 6-24-03 to request an oral election to the above restriction requirement, but did not result in an election being made.
